

Professorship for Personality, Mental Health, and Culture
Masterprüfung Literature HS 2024

This list of reading is for the 8 ECTS Masterprüfung, to prepare for a thesis in this professorship. It is important to integrate your thesis reading with that on this reading list, for a well rounded understanding of these core topics. Your performance in the oral exam should show a synthesis of the ideas from this reading list with your thesis reading and work. Possible questions are given as examples to help you understand the typical level of analysis expected during the oral exam: Other questions can be asked.

<p>Overview: the reason for and importance of a cultural perspective on psychology <i>Why is it important to take cultural context into account when studying psychological phenomena?</i> <i>How does culture impact psychology? What are the costs to ignoring cultural context in the study of psychology?</i></p>	Pages
